Update/announcements

Chairman John White opened the meeting, stating that Supervisor Lucas was interested to know when the Housing section of the Plan will be presented to the County. John said he wants to be sure the CPC has everything required to hold a public hearing. He said the CPC should meet again in 2 weeks, at which time they should set a date for the public hearing.

Cynthia Curtis said the Committee could set a date now/the Comprehensive Plan must be ready for public viewing 1 week before the hearing.

John said he thinks the public hearing will be in April but more work may be needed on the Housing section, so they will meet again in 2 weeks.

It was agreed to meet at 9:30 a.m. on Friday, March 26, in the Library.
